Snowmobilers' code of ethics
1. I will be a good sports enthusiast. I recognize that people judge all snowmobile owners by my actions. I will use my influence with other snowmobile owners to promote fair conduct.
2. I will not litter on trails or camping areas. I will not pollute lakes or streams.
3. I will not damage living trees, shrubs, or other natural features. I will go out only when there is sufficient snow so that I will not damage the land.
4. I will respect other people's property and rights.
5. I will lend a helping hand when I see someone in distress.
6. I will make myself and my vehicle available to assist search and rescue parties.
7. I will not interfere with or harass hikers, skiers, snowshoers, ice anglers, or other winter sports enthusiasts. I will respect their rights to enjoy our recreation facilities.
8. I will know and obey all federal, state/provincial and local rules regulating the operation of snowmobiles in areas where I use my vehicle. I will inform officials when using public lands.
9. I will not harass wildlife. I will avoid areas posted for the protection or feeding of wildlife.
10. I will stay on marked trails or marked roads open to snowmobiles. I will not snowmobile where prohibited.

RUNNING ON SNOWFLAKES!

Snowmobile Safety Tips

Watch the weather and check trail conditions before riding
Don't ride in adverse weather conditions. Plan your trip and check the trails you'll be riding prior to departure. Check trail conditions and trail maps.

Don't drink alcohol and ride
Alcohol is a factor in over 70% of all fatal accidents in Minnesota, as well as many non-deadly snowmobile accidents. Alcohol and drugs have a negative effect on the driver's vision, balance, coordination, and reaction time. Don't ride with people who drink and ride! Minnesota is part of a larger coalition of snowmobiling states that support "Zero Alcohol" consumption before or during your ride.

Never ride alone
Always ride with a friend on another snowmobile. This way if one machine is disabled, you have another to get help.

Dress for safety & survival
Always wear a quality DOT helmet and facemask. Wear layers of clothing to keep warm and dry. Snowmobile suits, bibs, jackets, gloves and mittens should cut the wind, repel water and keep you ventilated.

Slow down
Excessive speed is a major factor in many accidents, especially at night. To help avoid accidents, keep your night time speed under 40 MPH.

Stay on the trail
Almost every trail is a "two way" trail. So stay to the far right of the trail, especially on hills and corners. Obey all trail signs and cross roadways with extreme caution.

Stay on the trail or stay home
Trespassing is a major complaint about snowmobilers and can result in trail closure. Always stay on designated snowmobile trails. Venturing off of trails can result in accidents. Only ride private property when you have landowners permission.

Riding on ice - lakes & rivers
It is safest to avoid riding on lakes and rivers. If you must ride on ice, wear a life jacket over your outer clothing. Stay on the marked trail and stay off of ice that has moving water (current) near or under it - ice in these areas may be thin and weak.

Take a Snowmobile Safety Training Course!
Designed to educate the student on basic snowmobile operation, laws and regulations, and safety.

©2017 State of Minnesota, Department of Natural Resources www.dnr.state.mn.us

Basic Snowmobile Safety Code

- Wear sensible, protection clothing designed for snowmobiling.
- Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and flying debris.
- Familiarize yourself with the snowmobile you are driving.
- Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before.
- Drowning is one of the major causes of snowmobile fatalities. When not familiar with thickness of ice or water currents, avoid these areas.

Know Your Location

Indicates the name of the trail you are on.

Notes the mile location of where you are on the trail.

Itasca County trails are specially signed in this fashion. In case of emergency, please give the 911 dispatcher the trail name and mile # from the sign. Knowing your exact location with allow assistance to reach you more quickly.
